R Lindsay

Professional Experience

- Observed Gordan Tietjens for two weeks coaching the NZ Seven's team
- Hosted coaching clinics with Scottish Rugby Union coaches
- Spent 4 weeks at Ulster Rugby observing all senior coaching staff

Philosophy

I like my teams to play an expansive running game, read what is in front of them in both attack and defence and react accordingly. I like them to work hard to have plenty of options in attack, looking to create mismatches and overload singular players in a defensive line.
